

Risk Assessment Form

<b>Production Company:</b>	<b>Production Title:</b>	<b>Producer Name:</b>
<b>Location being assessed:</b>	<b>Risk Assessment Date:</b>	<b>Risk Assessment conducted by:</b>

<b>Hazard</b>	<b>Risk to Persons</b>	<b>Existing Risk Controls</b>	<b>Current Risk Level (See guide over)</b>	<b>Further Action Required</b>	<b>As Low As Reasonably Possible?</b>

## Identify Potential Hazards

Here are some potential hazards you might encounter. It's not a definitive list, so you'll need to find out what you can about the location where you'll be shooting. There are three main types of hazards: ones that already exist in the location, ones that you bring to the location and ones caused by other people or animals.

Height	Trip hazards	Animals	Overhead obstructions
Weather	Vehicles	Machinery	Aircraft
Heat / cold	Crowds	Crime	Explosives
Noise	Children	Violence / public disorder	Caves / tunnels / quarries
Water	Electricity	Fire	Unsafe building
Physical exertion	Gas	Hazardous materials	Firearms

## Identify the Risk Level

The risk level of a particular hazard can be quantified by using this chart to cross reference its **SEVERITY** with the **LIKELIHOOD** of it happening. Once you've identified the risk level, enter it in the *Current Risk Level* column on the previous page.

LIKELIHOOD	SEVERITY				
	Insignificant	Minor	Major	Hazardous	Catastrophic
Frequent	Review	Review	Unacceptable	Unacceptable	Unacceptable
Likely	Acceptable	Review	Review	Unacceptable	Unacceptable
Moderate	Acceptable	Acceptable	Review	Review	Unacceptable
Unlikely	Acceptable	Acceptable	Acceptable	Review	Review
Extremely Unlikely	Acceptable	Acceptable	Acceptable	Acceptable	Review

## Risk Assessment Form

### Emergency Response

In an emergency situation, you need to contact the relevant services. Enter details in the form below or save them in the address book on your phone.

Country's emergency number:	
Address and contact number of local hospital:	
Address and contact number of nearest pharmacy:	
Coastguard contact number:	
Nearest veterinary contact number:	
Local Air Traffic Control contact number:	
Location owner contact number:
